PABLO PICASSO

The Château Series is the crown jewel of La Cornue.

Made to order exclusively in the Saint-Ouen l’Aumône workshop outside Paris, each range is the embodiment of a specific owner’s vision. Available in an unrivaled range of 8,000 configurations, colors, finishes, and measurements, each Château range features La Cornue’s patented signature — the vaulted oven first premiered by Albert Dupuy in 1908.

The culmination of three generations of research, innovation, and expertise, the Château series is available in seven range sizes, from a charming 30" to a stately 71". Complementary cabinetry, hoods, rôtisserie and accessories are also available.

One of the most striking and appealing aspects of the Château Series is the ability to apply any color your heart may desire to your range. If a color exists in the world, it can be applied to one of our inspired designs.

An array of nearly fifty brilliant colors are currently offered by La Cornue, but a myriad of new and deluxe colors, curated by some of the industry’s most renowned designers, are being offered each year.

The pure materials, experienced craftsmanship, and enlightened innovation of Château ranges offer uncompromising culinary performance that is unsurpassed by any other brand, whether residential or professional.

HOTTE CHÂTEAU HOOD

Since every installation is unique, Hotte Château wall hoods may be sold with or without motorized blower. Motorized Factory installed blower and liner are available for the Chateau Hotte wall mounted hoods only and include a 1200 CFM blower for all two oven ranges and a 600 CFM blower for all one oven ranges. They also include LED Lights, Magnetic-edged filters and a remote control. Please contact your local HVAC contractor to discuss your specific requirements. Side and overall height dimensions are the same for all models. Custom hood dimensions are available to quote. Liner and blower can also be specified by dealer or architect.

Traditional wall mounted hood. Island Hoods and Custom Hoods are available by quote and typically sold as shell-only. Hood height may be increased up to 1500 mm/59 inches by adding height to the upper band (total maximum height would be 2250 mm/88.5 inches).

FLAMBERGE RÔTISSERIE

The Flamberge Rôtisserie is a wall-mounted gas rotisserie designed for residential use. Constructed with a concave rear wall of solid cast iron, it is heated by a powerful gas burner set beneath three motorized spits. Synthetic wicks pull the heat up through the vaulted back of the unit, allowing the radiant heat to gently cook foods as they rotate slowly on a spit over the flame. Porcelain Drip Tray, two straight metal spits and one fish basket included. Unit is zero-clearance and does not mandate installation within fire-retardant material.
